### ACADEMIC CHESS

*This extensive chess camp is a fun way for your child to learn a game that allows them to improve their critical thinking skills, focus, and sportsmanship. The camp includes daily chess strategy & tactics lessons for all levels, fun outside games and activities to reinforce chess principles. There will be a giant chess set on-site and participants will be painting their own chess set to take home! There will be a pizza party plus a chess tournament with trophies & prizes on the last day!*

### Strategic Kids LEGO®

*Students will use LEGO® to learn about the art and process of problem solving in a hands-on, creative environment. We use LEGOs to teach STEM based engineering lessons in a way children will understand and enjoy. Participants will also learn about the different parts of a story, public speaking, creative writing & more! Lego camp includes engineering projects using gears, wheels, pulleys & levers. Popular activities include our catapult game & go-cart races! Participants will also work with Star Wars Lego to become 'Jedi storytellers.'*

### Strategic Kids Magic

*This magical class promotes public speaking through the performance art of magic! Students will learn several magic tricks each day and craft their own magic gear to take home. Magic camp includes classic magic tricks using cards, coins, ropes, & more! Magic camp will include science themed tricks using magnets, camouflage, & optical illusions and we have performance themed activities! Children will also develop motor skills, learn teamwork, and enhance performance skills.*
