**ACADEMIC CHESS:** *This extensive chess camp is a fun way for your child to learn a game that allows them to improve their critical thinking skills, focus, and sportsmanship. The camp includes daily chess strategy & tactics lessons for all levels, fun outside games & activities to reinforce chess principles. Giant chess set & board on-site (3 feet tall King!). There will be a pizza party & chess tournament with trophies & prizes on Fridays!*

**Strategic Kids LEGO®:** *Students will use LEGO® to learn about the art and process of problem solving in a hands-on, creative environment. We use LEGOs to teach STEM based engineering lessons in a way that children will understand and enjoy. Participants will also learn about the different parts of a story, public speaking, creative writing & more! Lego camp includes engineering projects using gears, wheels, pulleys & levers. Camp includes a Lego gift on the last day of the session.*

**Strategic Kids Magic:** *This magical class promotes public speaking through the performance art of magic! Students will learn several magic tricks each day and craft their own magic gear to take home. Magic camp includes classic magic tricks using cards, coins, ropes, & more! Children will also develop motor skills, learn teamwork, and enhance performance skills. Camp includes a magic gift on the last day of the week.*
